HEALTH & SAFETY

05

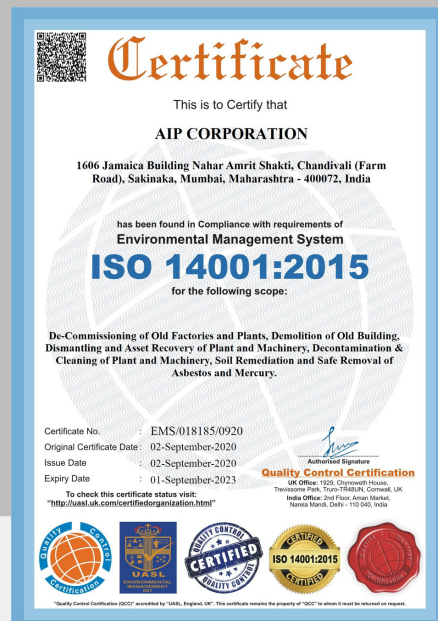

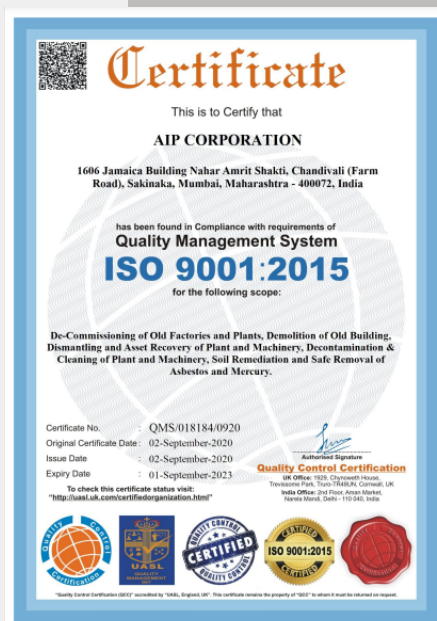

SAFETY FIRST

At AIP CORPORATION we recognise our statutory duty to comply with all Health and Safety legislation and continually strive to achieve the highest standards in all matters relating to the health, safety and welfare of our employees and anybody else who is affected by our activities.

Our health and safety performance is acknowledged as one of the best in the demolition industry – this is reflected in our outstanding health and safety record.

We have implemented an Integrated Management System that addresses all elements of Health, Safety, Quality and Environmental Management. ie ISO 9001, 14001 & 18001 standards. By following a structured management system, our clients have the comfort of knowing that they are dealing with a robust organisation.

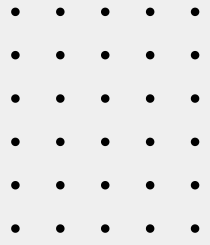

We promote best practice across all areas of our business and operations and continually review our procedures. Regular discussions reveal any areas for improvement including new and emerging customer needs. Should improvements be identified, these are integrated into our processes and systems to ensure continual business development and to enable us to remain at the forefront of our industry.
