AIP CorporationTM

Specialist in Demolition, Decommissioning,
and Soil Remediation

COMPANY OVERVIEW

01

AIP Corporation Pvt. Ltd. established in 2017. AIP Corporation was founded by Mr. Ajaz Malik, who has over 15 years of experience supported by a team with more than 25 years of experience. We are located in Mumbai, Maharashtra, and operate on projects across India. We specialize in Decommissioning, **Demolition, Soil Remediation, Dismantling of Assets & Recovery and Industrial cleaning.**

AIP Corporation prioritizes safety. At **AIP Corporation**, we combine professional work with a strong emphasis on safety. We acknowledge our legal obligation to comply with all health and safety legislation. We are committed to upholding the highest standards in all aspects related to the health, safety, and welfare of our employees and anyone else impacted by our operations.

SERVICES AND SPECIALIZATION

DEMOLITION

We provide demolition services for a wide range of structures and facilities like Building and high-rise building, Chimney, High Reach Demolition and Demolition with jaw Crusher. Our demolition services are focused on safety, efficiency, and environmental sustainability.

DECOMMISSIONING

AIP Corporation specializes in decommissioning of Engineering, Chemical, Pharmaceutical, Paint & Pigment Plant. We have developed a comprehensive decommissioning process that emphasizes safety, environmental protection, and cost-effectiveness. We also employ advanced technologies to ensure that decommissioning work is performed safely and efficiently.

DISMANTLING AND ASSET RECOVERY

Our dismantling and asset recovery services are focused on maximizing the value of the assets while minimizing waste and environmental impact. The company employs advanced technologies and methodologies to ensure that the dismantling and recovery process is efficient and safe.

DECONTAMINATION & INDUSTRIAL CLEANING

AIP Corporation provides decontamination and industrial cleaning services that help organizations maintain the safety, health, and performance of their equipment and facilities. With their experience and expertise, AIP Corporation is a reliable partner for businesses and organizations looking to ensure the safety and sustainability of their operations.

HEALTH & SAFETY 05

SAFETY FIRST

At AIP CORPORATION we recognise our statutory duty to comply with all Health and Safety legislation and continually strive to achieve the highest standards in all matters relating to the health, safety and welfare of our employees and anybody else who is affected by our activities.

Our health and safety performance is acknowledged as one of the best in the demolition industry – this is reflected in our outstanding health and safety record.

We have implemented an Integrated Management System that addresses all elements of Health, Safety, Quality and Environmental Management. ie ISO 9001, 14001 & 18001 standards. By following a structured management system, our clients have the comfort of knowing that they are dealing with a robust organisation.

We promote best practice across all areas of our business and operations and continually review our procedures. Regular discussions reveal any areas for improvement including new and emerging customer needs. Should improvements be identified, these are integrated into our processes and systems to ensure continual business development and to enable us to remain at the forefront of our industry.
